

## Notice of Data Security Incident

**Anahuac, Texas – April 28, 2025** – Chambers County Public Hospital District No.1 (“Chambers Health”) is notifying certain current and former patients that their personal information may have been compromised as part of security incident. Chambers Health takes the privacy and security of information in its possession very seriously and sincerely apologizes for any inconvenience this incident may cause. This notice is intended to alert potentially impacted individuals of the incident, steps we are taking in response, and resources available to assist and protect individuals.

**What Happened** Chambers Health experienced a network disruption on July 19, 2024. Upon discovering the incident, we immediately took steps to secure the network environment and engaged cybersecurity experts to conduct an investigation. The forensic investigation did not identify any evidence that data was compromised. However, on December 26, 2024, Chambers Health learned that certain files may have been acquired without authorization as a result of the incident. After a comprehensive review of the data potentially impacted in this incident, which concluded on April 10, 2025, we determined that the unauthorized third party may have acquired certain personal information as a result of this incident. **Chambers Health is providing written notice to all impacted individuals. Chambers Health has no reason to believe that any individual’s information has been misused as a result of this event.** As of this writing, Chambers Health has not received any reports of misuse of information and/or related identity theft since the date the incident was discovered.

**What Information Was Involved** Again, we found no evidence that patient information has been specifically misused. However, the following information was potentially exposed to an unauthorized third party: first name, last name, date of birth, address, phone number, health insurance information, medical information, financial information, Social Security number, and driver’s license number. **Notably, the types of information affected were different for each individual, and not every individual had all the above listed elements exposed.**

**What We Are Doing** Data security is one of our highest priorities. Upon detecting this incident we moved quickly to initiate a response, which included conducting an investigation with the assistance of IT specialists and confirming the security of our network environment. We have also reviewed and enhanced our technical safeguards to prevent a similar incident.

The notification letter to the potentially impacted individuals includes steps that they can take to protect their information. In order to address any concerns and mitigate any exposure or risk of harm following this incident, Chambers Health has arranged for complimentary credit monitoring services and identity theft protection services to all potentially impacted individuals at no cost to them for a period of twelve months. Chambers Health recommends that individuals enroll in the services provided and follow the recommendations contained within the notification letter to ensure their information is protected.

**For More Information** For individuals seeking more information or questions about this incident, please call 1-833-998-5928, Monday through Friday, 8:00 a.m. and 8:00 p.m. ET, excluding holidays.

Thank you for entrusting Chambers Health with your healthcare needs. We value the security of the personal data that we maintain, and understand the frustration, concern, and inconvenience that this incident may have caused. We look forward to continuing to provide high quality care to you, your family, and the Chambers Health community.
